BearyFun Gym's field trips are a great way to add excitement to your project approach, Montessori or thematic curriculum.

Our field trips are fun and educational! In the one-hour programme, the children will be divided into groups and be guided by full time qualified gymnastics coaches to work on the apparatus. Groups will participate in a variety of activities that include gymnastics skill instruction, obstacle courses, trampoline and rebounding experiences, fitness games and activities. All activities are age and developmentally appropriate for the young ones to enjoy the FUN of moving around in a safe and clean environment.
